

Money Stats and Calling Statistics as it shows in Mozilla Firefox

When logged into your reseller Control Panel at <http://callingstats.com> you should be able to see this very convenient Money Stats and Calling Statistics.

With these graphs you can quickly see you daily profit, spent money, called (sold amounts) and number of calls + total minutes; this goes back 1 week.

We are aware it always shows like this in Mozilla Firefox.

But: these Stats could **not** be shown in Internet Explorer !

Please use Mozilla Firefox if you want to see these Stats.
