

Dear reseller,

As of today, we generated a button in your reseller system that will allow you to **generate invoices** of all payments done to XeloQ Communications.

Those are the payments that we top up in your system after you paid us.

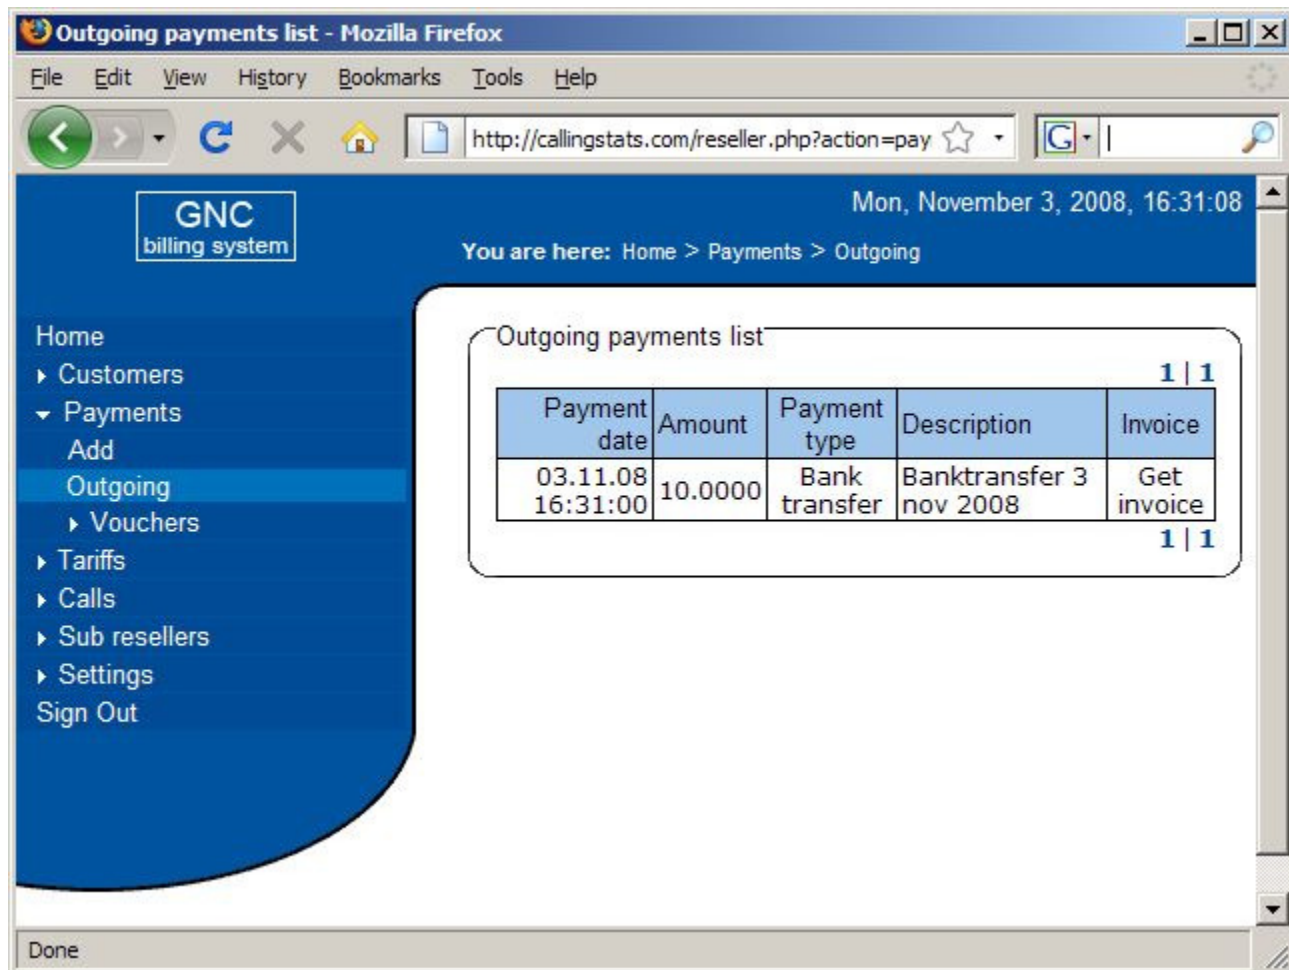

For ease of use we now have those invoices inside the system.

Instructions:

Please login in you reseller system at <http://callingstats.com>

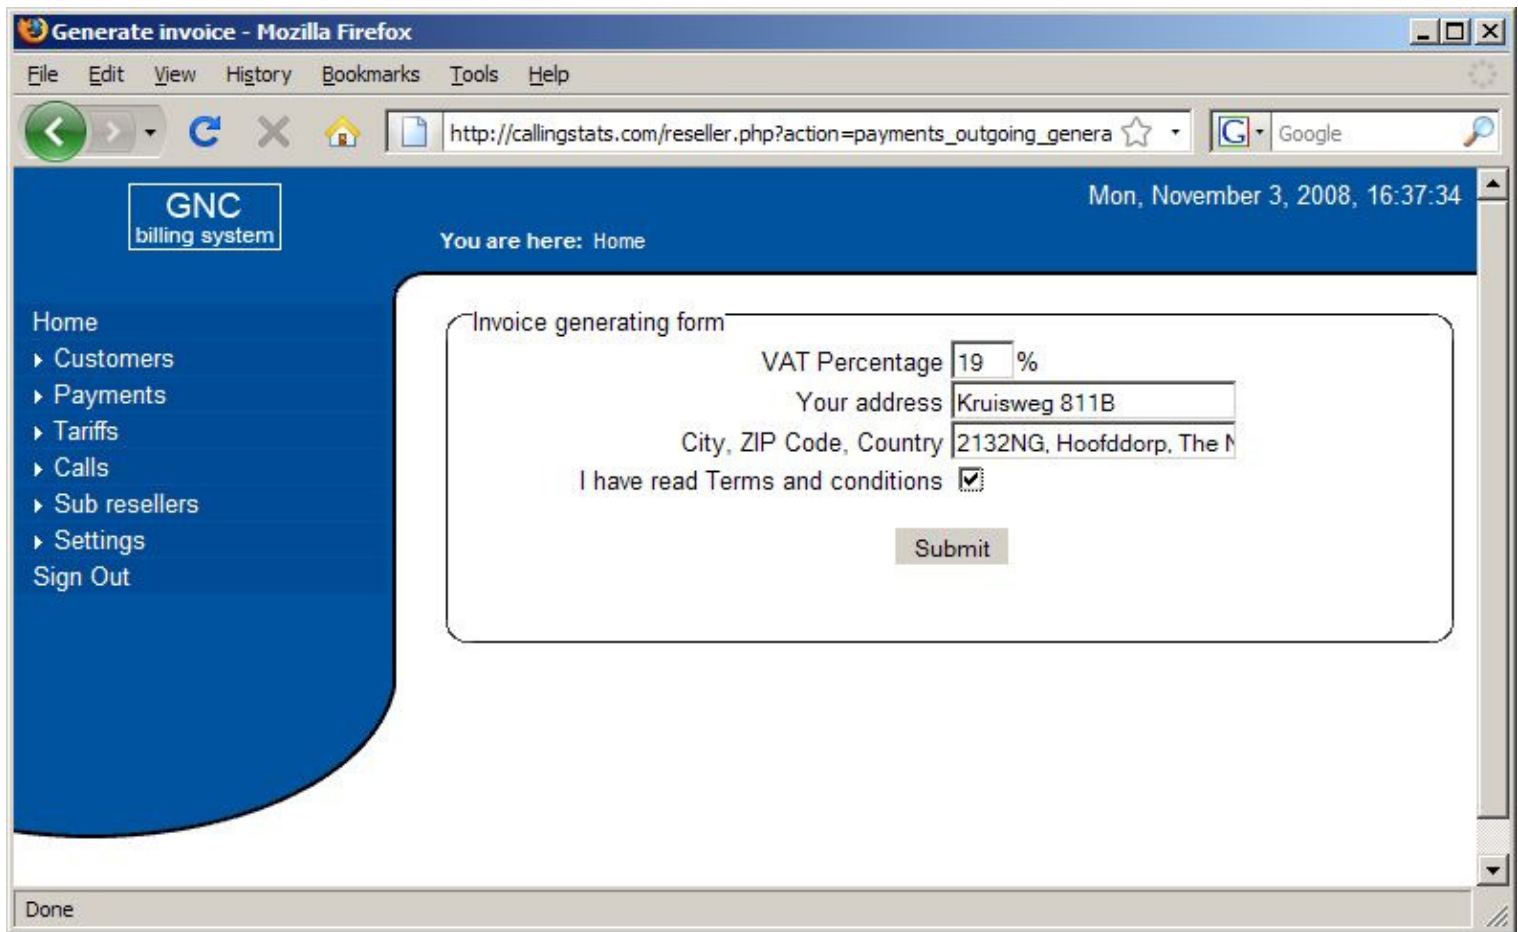

After been logged in, click Payments, Outgoing (this are all payments **made to** XeloQ)

You will see the next screen:

Scroll to the invoice that you will need to print; then click on '**Get invoice**'

Fill out the information asked in the fields that are appropriate for you (see below):

Now, press '**Submit**'.

The online invoice will be generated (a new browser screen will open); see below:

Now use **CTRL-P** to print this invoice (in Firefox and Internet Explorer) or **Menu, print** in (Internet Explorer).

SUB RESELLERS:

If you have a SUB reseller, we also implemented this for your sub resellers.

They will SEE the information from your own system (what you implemented at the Invoice Template for your own customers). So any changes there will reflect in the Sub resellers invoice (but of course this needs to be the same because both SUB resellers and customers pay to you as their main reseller).
